Product Features

Aiptek PocketCinema V60 is a pico projector with versatile features and functions to perform both business presentation and personal entertainment. The DLP technology used is the same as in large cinema projectors, which provides rich colors and deep contrast in image with the projection size up to 150 cm (60") and 50 ANSI lumens of brightness. The built-in office and PDF reader allows you to project presentation directly without conversion. Or, simply connect PocketCinema V60 to a Blue-Ray player, a notebook, or a tablet via HDMI and enjoy a movie. Adopted the energy saving and long lifetime LED technology, the PocketCinema V60 is the ideal and portable companion for business and entertainment.
